

## ep.T.I.P.S.<sup>®</sup> BIOBASED EPPENDORF

- Improve your laboratory's carbon footprint and move to epT.I.P.S.<sup>®</sup>BioBased with the new Eppendorf Reload. These pipette tips are made from second-generation recycled raw materials, obtained exclusively from waste and residues from vegetable oil production, such as used edible oil.
- Reduce your amount of laboratory waste considerably - use refills rather than disposable racks
- Trust the promise of sustainability - the production site is certified by ISCC PLUS (International Sustainability & Carbon Certification) for traceability throughout the supply chain.
- Pipette tips certified by ACT (Accountability, Consistency, and Transparency), the independent validation body for assessing product sustainability
- **BioPure:** Filter-free, sterile and free of pyrogens, RNAs, DNases, DNA, ATP and PCR inhibitors
- **PCR Clean and Sterile:** With filter, sterile and free of pyrogens, RNAs, DNases, DNA and ATP, or PCR inhibitors
- **SealMax:** Self-sealing filter. An innovative two-phase filter system safely retains all liquids and moisture. Sterile and free of pyrogens, RNAs, DNases, DNA and ATP, and PCR inhibitors

### Premium material, certified quality and purity:

- Excellent sample integrity thanks to the absence of lubricants, plasticisers and biocides

- Batch-specific purity certificates, issued by an independent laboratory, can be downloaded from the Eppendorf website.

- Global quality certificates for compliance with Eppendorf standards and general quality requirements

- Available in volumes from 10 µL to 1,250 µL, long in refills for use with epT.I.P.S.<sup>®</sup> Box 2.0

- Available as epT.I.P.S.<sup>®</sup> BioBased Biopur<sup>®</sup>, ep Dualfilter T.I.P.S.<sup>®</sup> BioBased PCR clean and sterile, ep Dualfilter T.I.P.S.<sup>®</sup> SealMax<sup>®</sup> BioBased Biopur<sup>®</sup>

#### Excellent quality

- General quality certificates: compliance with general quality standards and requirements as well as product purity certificates
- ACT certificates: independent certification of the environmental impact factor awarded by My Green Lab

#### Support us in our global sustainability efforts:

- Collect the cardboard packaging from your tubes.
- Dispose of the packaging in the collection bins indicated by your organisation and region.
